The Calibre One Index provides a comprehensive review of early stage tech investment. It lists and compares all the investments made by tech investors in the key territories of Europe and North America on a quarterly basis.

Published in London and San Francisco every January, April, July and October, the Calibre One Index is compiled by Calibre One – the world's leading technology specialist executive search consultancy.

The Index is downloadable in PDF format from www.calibreone.com

Total Tech Investment Q2 2007 – Q1 2008

Setting the Standard

With offices in London and San Francisco, Calibre One is the world's leading executive search organisation dedicated to working with high-growth technology businesses and their investors to find outstanding talent to help them realise their true value.

Our 'no stone left unturned' approach to each assignment produces results that consistently surpass our competitors. This has enabled us to build partnerships with the world's leading private equity investors and their portfolio companies across the world.

Executive Search

Never before has the effective and efficient recruitment of senior managers been more of a mission-critical undertaking. A successful technology company is built on three core pillars of value – the technology (IP), the balance sheet and the quality of the team.

We help our partners to achieve their business objectives through managing the effective recruitment and retention of great people on their behalf.

We measure our success in client terms, not our own. Completing an assignment is only the start. The real measure of success of any executive placement is the improved performance of the business. With this in mind, Calibre One provides the most comprehensive guarantee in the market. Should we recruit a candidate who does not work out in their first six months, for whatever reason, then we will undertake to manage the assignment again for no additional fee.

In this way our success is inextricably linked to the success of our clients.

Interim Management

Calibre One Interim is a leading Interim Management provider. It manages a hand-picked network of highly skilled and experienced executives all of whom have been subjected to a rigorous assessment and referencing process before being accepted onto the register.

Whether it's a spin-out, strategic review, special project, aggressive expansion or a turnaround, Calibre One Interim can be trusted to deliver outstanding Interim Management solutions in record time.
